## INSTRUCTION MANUAL

## Adjustable Micro Tweezers

Ref. AM120-A

# Packing List

The following items should be included:

**Adjustable Micro Tweezers** .....1 unit  
Ref. AM120-A

**Screwdriver** .....1unit  
Ref. 0023511

**Manual** .....1 unit  
Ref. 0022381

## Features

**Control Unit**

**Stand**  
Ref. AM-SA  
(Required but not supplied)

**C120 Cartridges**  
(Required but not supplied)

**Adjustable Micro Tweezers**  
Ref. AM120-A

# AM120 Changing cartridges

## 1. Unlocking

Unlock the fixing screws.

## 2. Removing

Place the cartridges in the extractor and pull the tweezers to remove them.

## 3. Positioning

Place the tweezers on top of the new cartridge and slightly press down.

## 4. Inserting

Use the grooves to insert the cartridges as far as the mark\*.

### \*Important

It is essential to insert the cartridges as far as the mark for a proper connection.

## 5. Rotational Cartridge Alignment and Loking

- ① Slightly turn the wheels to align the cartridges as required. ② Lock the fixing screws\*.

## 6. Vertical Cartridge Alignment

The rear wheel allows the cartridges to be equally aligned when you close the tweezers.

 \*Once the alignment has been made, do not forget to fix the cartridges by tightening the fixing screws. A single turn of the screw is required to get them fixed.

## Compatible cartridges

The **AM120-A** works with **C120** cartridge range. Find the model that best suits your soldering needs in [www.jbctools.com](http://www.jbctools.com)

Conical Bent

Blade

Chisel Bent

## Safety

**It is imperative to follow safety guidelines to prevent electric shock, injury, fire or explosion.**

- Do not use the units for any purpose other than soldering or rework. Incorrect use may cause fire.
- The power cord must be plugged into approved bases. Be sure that it is properly grounded before use. When unplugging it, hold the plug, not the wire.
- Do not work on electrically live parts.
- The tool should be placed in the stand when not in use in order to activate the sleep mode. The soldering tip, the metal part of the tool and the stand may still be hot even when the station is turned off. Handle with care, including when adjusting the stand position.
- Do not leave the appliance unattended when it is on.
- Do not cover the ventilation grills. Heat can cause inflammable products to ignite.
- Avoid the contact of flux with skin or eyes to prevent irritation.
- Be careful with the fumes produced when soldering.
- Keep your workplace clean and tidy. Wear appropriate protection glasses and gloves when working to avoid personal harm.
- Utmost care must be taken with liquid tin waste which can cause burns.
- This appliance can be used by children over the age of eight and also persons with reduced physical, sensory or mental capabilities or lack of experience provided that they have been given adequate supervision or instruction concerning use of the appliance and understand the hazards involved. Children must not play with the appliance.
- Maintenance must not be carried out by children unless supervised.

# Specifications

- Weight: 100 g (0.2 lb)
- Max. power per cartridge: 40W

Complies with CE standards  
ESD Safe
